

We want godly children who know the principles of good living but also who know God Himself. We desire for our children to have a love and passion for God that overflows in a love for mankind. Our goal is to train children and young people to trust God and live a supernatural life in which they walk in His Spirit, depend on Him, live for Him, and change their communities.

SPONSORSHIP PROGRAM

Equipping them
for the Kingdom...

“Him we preach, warning every man and teaching every man in all wisdom, that we may present every man perfect in Christ Jesus.”

Colossians 1:28

WHAT IS THE SPONSORSHIP PROGRAM?

We started a Christian school 8 years ago when our church members presented the need to us. They were tired of having their children exposed to humanism, pagan festivities, and being bullied and downgraded for not participating. Thus we saw the need of starting our school using the ACE educational system in 2012.

WHY A SPONSORSHIP PROGRAM?:

The Mexican government has an incentive program to encourage mothers to make sure their children finish school and even go to college. Unfortunately this was taken away from our church members because it doesn't apply to private Christian schools. We charge a small tuition fee in order to pay our teachers but since some families have more than one child in our school... we give support through this program.

HOW DOES IT WORK?:

We have two ways of giving and it covers the tuition for the school year, helps with uniforms, books, and the school supplies of one student.

- One payment full tuition \$600
- Monthly payment \$50 a month

NEW SPONSORSHIP SUPPORT:

If you feel like you can't support one student for a year but you would still like to contribute to the sponsorship program. You can make a pledge to donate the amount you would like to give \$5, \$10, \$15 dollars a month and it will automatically be transferred to the Sponsorship fund which will help with any need the school, students, or teachers may have. Gasoline for the bus routes we run, electric bill, paper, ink, etc.
